Year 11 Leavers Report

Academic Year 2021- 2022

KEY STAGE 4 (KS4) ACCREDITATION OVERVIEW

Typically, KS4 (Yrs.10 & 11) pupils at Heltwate@ St. George's site are following the curriculum journey that allows for plenty of meaningful accreditation to be undertaken.

A pupil remaining at the Bretton site for KS4 would normally not be expected to undertake as much formal accredited work. Pupils who stay at the main site for KS4 generally need more support and are less independent.

This academic year we have offered several Accreditation options for our students. Students will have accessed all or some of the Accreditation options: -

OCR is a leading UK exams and accreditation awarding body. The OCR Life and Living Skills Entry Level qualifications provide learners with high quality, nationally recognised qualifications. The Life and Living Skills suite is a comprehensive range of versatile and adaptable qualifications, with no minimum entry requirements. We can choose from over 150 bite-sized units across a wide range of skill areas; including pre-employability, personal and social skills. The accreditation awards run in an order- with a diploma being the highest award possible within each Entry level.(1, 2 or 3)

ASDAN (Award Scheme Development and Accreditation Network) provides curriculum programmes and qualifications to help young people develop knowledge and skills for learning, work and life. The Personal Development Programmes (PDP) qualifications offer imaginative ways of supporting young people to develop their personal, social and work-related skills We offer the Bronze level PDP to our Yr 9 pupils, but as Covid had disrupted our ability to deliver the curriculum, we had to be reactive and imaginative in order to provide our leavers with necessary and appropriate skills to take into adulthood. We therefore decided to offer the Silver and Gold PDP options to our KS4 pupils at St. George's for this academic year.

AQA The AQA Unit Award Scheme (UAS) is a unique recording of achievement scheme, rather than a qualification. It offers learners the opportunity to have achievements formally recognised with a certificate each time a short unit of learning is successfully completed. It also allows units to be adapted to suit particular students, as well as the ability to write our own units. When a pupil gains a UAS, the statement shows all the skills, abilities, knowledge and understanding which has been achieved. We access 8 Maths and 9 English components to deliver as part of the AQA UAS Award Scheme at Heltwate.

We were able to provide access to the AQA Entry Level Certificates (ELC's) in English and Maths for the relevant Year 11 pupils this year. Entry Level Certificates (ELCs) are a nationally recognised qualification that gives students the opportunity to achieve a certificated award. The Maths ELC's provide basic and relevant numeracy skills. English ELC's encourage students to develop the skills they need to read and understand a range of texts as well as to write clearly, coherently and accurately using a range of vocabulary and sentence structures. Both of these ELC's are undertaken in more formal 'exam like' conditions.

REVIEW OF RESULTS

During the period of COVID related school closure, the timetable of lessons and access to the accreditation system was obviously disrupted. Pupils missed a whole term's worth of time to complete work and accredited units.

However, it is to the credit of staff that they managed to enable the pupils to achieve an excellent level of completed accreditation under these unprecedented circumstances, working hard to fill the gaps left by enforced absences.

All the pupils were successful in achieving accreditation

100% of Year 11 Discover@St.George's pupils left Heltwate with at least some AQA Maths achievements.

100% of Year 11 Discover@St.George's pupils left Heltwate with at least some AQA English achievements.

One pupil was expected to undertake AQA ELC exams, but non-attendance meant he was unable to complete the criteria determined by the exam board.

100% of Year 11 Discover @ Heltwate pupils achieved appropriate accreditation, supporting their Preparing for Adulthood journeys to continue at their next educational placement

The Accreditation offered was based on a pupils' learning skill, ability, as well as them being able to manage the correct and appropriate level of work and expectations rather than whether or not they were FSM eligible.

Courses offered were individualised to suit each student - Two Discover@St.George's FSM students achieved the higher level in the AQA Exam series, Two FSM eligible students were unable to access AQA Exams at all as it was not suitable, and One FSM student accessed the Maths but not English AQA Exam series.

Discover @ Heltwate- non of the students were FSM eligible

YEAR 11 DESTINATIONS

All our Year 11 leavers are expected to go into further training or education.
Below are the destinations, and number of our Year 11 pupils transferring there.
